

## Story-

The Story is about the description and basic flow of Agri Shop Online application.

## Story Board

Farmer allowed to update his details, quantity and price details.

Eg:- rice- 500Kg, rice 75 per kg

Change name, phone number for updating details

Customer need to enter aadhar number  
(personal details) for transactions

Eg:- aadharno, name, phonenumber, address

After successful registration the customer  
can purchase any product from shop  
(minimum 3 products)

Eg:- apple, rice, onions

After adding products in cart the payment will  
be automatically generated by admin as per  
products

Admin can add, edit, view, and delete the  
products details of customer and farmer.
